The parties to the above-entitled action jointly submit this JOINT CASE MANAGEMENT STATEMENT & PROPOSED ORDER pursuant to the <u>Standing</u> Order for All Judges of the Northern District of California and Civil Local Rule 16-9.

1. Jurisdiction & Service

Plaintiff brings this action for damages pursuant to the Fair Debt Collection
Practices Act ("FDCPA") under 15 U.S.C. §1692 et seq., the Telephone Consumer
Protection Act ("TCPA") under 47 U.S.C. § 227 et seq. and the Rosenthal Fair Debt
Collection Practices Act ("RFDCPA") pursuant to Cal. Civ. Code §1788 et seq.
Plaintiff contends that subject matter jurisdiction is conferred upon this Court by 28
U.S.C. §§1331 and 1337, as the action arises under the laws of the United States. Plaintiff also contends that supplemental jurisdiction exists for the state law claim pursuant to 28
U.S.C. §1367, because it arises out of the common nucleus of operative facts of
Plaintiff's federal question claims.

All parties have been served and are represented by counsel.

2. Facts

Plaintiff alleges that in the summer of 2018 she started receiving collection calls from Defendant to her cellular phone. Around this time Plaintiff has a conversation with Defendant and conveyed that she did not want to receive further calls from Defendant. Despite her request Defendant continued to place collection calls to Plaintiff's cellular phone with permission.

Plaintiff believes that the major factual issues are: (a) What phone system(s) did Defendant use to place that calls at issue and (b) Did Plaintiff request that Defendant's calls cease.

Defendant denies that any violation of law has occurred. Defendant believes that the major factual issues are whether Plaintiff consented to receive calls to her cellular telephone made using an automatic telephone dialing system, whether Defendant ever

spoke with Plaintiff, whether Plaintiff revoked any prior express consent to receive calls to her cellular telephone using an automatic telephone dialing system or otherwise ever requested that Defendant cease calls to her cellular telephone, whether Defendant placed calls to Plaintiff's cellular telephone using equipment that qualifies as an automatic telephone dialing system, and whether Plaintiff sustained any harm as a result of Defendant's alleged conduct.

3. <u>Legal Issues</u>

Did the phone system(s)/technology that Defendant used to place the calls at issue constitute an Automated Telephone Dialing System under the TCPA? Was Defendant's conduct unfair and harassing under the FDCPA and the RFDCPA?

Defendant contends that the legal issues are: (1) whether Plaintiff provided prior express consent to receive calls on her cellular telephone using an automatic telephone dialing system, as defined by the TCPA; (2) whether Plaintiff could, and in fact did, revoke any prior express consent to be called on her cellular telephone using an automatic telephone dialing system; (3) whether Defendant called Plaintiff's cellular telephone using an automatic telephone dialing system; and (4) whether Defendant's conduct violated the FDCPA and/or the Rosenthal Act.

4. Motions

There are no motions currently pending. The parties each anticipate filing Motions for Summary Judgment.

5. Amendment of Pleadings

The parties propose a deadline of May 27, 2019 to amend the pleadings or add additional parties.

8. Discovery

The parties have not conducted any discovery to date.

Defendant anticipates propounding written discovery in the form of requests for admissions, interrogatories, and requests for production of documents on Plaintiff, as well as deposing Plaintiff and any other persons or entities that are identified during discovery. Defendant does not believe this case requires any deviation from the standard discovery parameters set forth in the Federal Rules of Civil Procedure.
